

Learn About the Planned Improvements in Your Area
ZONING & STREETSAPES!

Attend These Public Meetings - FREE and OPEN to the Public

1
Thursday, February 9, 2012
*E. Pat Larkins Community Center
520 MLK, Jr. Blvd.*

TOPIC: Massing and Zoning Analysis -
Downtown Pompano Transit Oriented
Corridor (DPTOC)

Plans set today impact the future direction of our community. Become a part of today's planning process by attending this public meeting. Find out about proposed land use and zoning changes. Give input about proposed building heights and densities for your area. Find out how future generations in your community can benefit from local business expansion and growth. Look forward to job creation in key industries and a transit-oriented district designed to position Pompano Beach as a destination location. Don't miss this must-attend meeting!

*E. Pat Larkins Community Center
520 MLK, Jr. Blvd.*

TOPIC: MLK, Jr. Boulevard Streetscape
Improvements / Downtown Pompano
Improvements

Share your thoughts on shaping the redesign of your Pompano Beach neighborhood. Attend the public meeting on the MLK, Jr. Blvd Streetscape Improvements as the plan extends from Dixie Highway to I-95. This project is a part of the larger "Downtown Pompano" improvements plan. It is designed to upgrade existing pedestrian connectivity between MLK, Jr. Blvd, Old Pompano, and the Civic Center/ Library Campus facilities. The MLK, Jr. Blvd Streetscape Improvement project is already in the works. Design plans include widening sidewalks, adding lush landscaping and lighting, and creating a "main street" type of environment.
