Press Release Date: 3/31/09

Mitchell-Moore Park Receives Computers for After School Program Center is now a Wireless Hot Spot Mitchell-Moore Park 901 NW 10 Street

Mitchell-Moore Park is going high tech with new computers and free wireless computer service. A new computer lab has been set up to enhance the after school program at the park. A room has been assembled with five computers/monitors, a printer and free wireless computer connection. Mitchell-Moore Park is located at 901 NW 10 Street.

The Mitchell-Moore Park free after school program consists of 45 students ranging from 6 to 12 years of age. The children take part in the after school program between 2:30 p.m. and 6:00 p.m. on week days. The students have several programs to choose from including FCAT tutoring, a reading program, music/performing arts, Capoeira Brazilian Martial Arts, health relations which promotes self esteem and problem solving, healthy eating habits, etc.

The City is in the process of hiring a computer instructor to teach the children about using computers. The instructor will be paid for with CDBG funds. This latest addition to Mitchell-Moore Park will take the afterschool program to the next high tech level.
