Date of Press Release: 4/16/09

The City of Pompano Beach Takes Part in Earth Day Saturday, April 18th

The City of Pompano Beach will celebrate Earth Day on Saturday, April 18th, by joining forces with the Pompano Beach Green Market at North Flagler Avenue and NE First Street. Public Works Department employees including the Recycling Coordinator and members of the Recycling and Solid Waste Committee will be on hand from 8:00 a.m. to 1:00 p.m. to provide information about the environment, recycling and solid waste.

Promotional items will be available including free trees, recycled paint, coloring books and plenty of information promoting awareness of our environment.

Earth Day is a day designed to inspire appreciation for the Earth's environment. It is celebrated annually during both spring in the northern hemisphere and autumn in the southern hemisphere. It was founded by U.S. Senator Gaylord Nelson as an environmental teach-in in 1970 and is celebrated in many countries every year.

The Pompano Beach Green Market is presented by the Pompano Beach Historical Society and is committed to providing the best and freshest fruits and vegetables, juices, baked goods, seafood, gourmet teas and coffees and other food items, as well as plants and health-related products and services.
