City Passes Code Enforcement Lien Amnesty Program

The City of Pompano Beach is offering residents an opportunity to erase financial burdens on their properties at significantly discounted payoff amounts. The Amnesty Program is an effort to bring more properties in compliance which will help the City continue to maintain its neighborhoods, protect property values and preserve quality of life for its residents.

The City of Pompano Beach City Commission passed a resolution on January 26th offering a temporary period of amnesty for code enforcement fines. Owners of properties that are in compliance with their code cases may settle their debt to the City by paying the lesser of 25% of the face value of the lien or a flat \$500. The Code Enforcement Lien Amnesty Program will be in effect from February 18th through August 18th.

Property owners will also be provided an option to settle the reduced amount under the Amnesty Program via a payment plan with a six month payment term. Owners of non-compliant properties that are brought into compliance during this Amnesty Program are also eligible to settle their accrued code liens in accordance with program guidelines, based upon their compliance date, as issued by the case code enforcement inspector. Compliance will be verified by the code enforcement inspector, prior to the execution of the order to reduce the code lien amount.

Property owners who simultaneously have Code Enforcement Liens, Nuisance Abatement and Unsafe Structure Liens on their property must settle the Nuisance Abatement and/or Unsafe Structure Liens, in full, prior to receiving a reduction in the outstanding Code Enforcement Lien Amount.

Take advantage of this limited time offer to settle your Code Enforcement Lien for a significant discount!!
