City Begins Webcasting CRA Meetings

Residents, businesses and interested parties will now be able to watch Community Redevelopment Agency (CRA) Meetings broadcast live on the Internet. Users can also instantly replay all or part of those meetings at their convenience through a link on the City's web site www.mypompanobeach.org by clicking on the link titled "Pompano Beach Web Streaming". Once on the web streaming page, the video player window will include the CRA Agenda with direct links to access specific agenda item discussions within the archived meeting. Meetings will be archived and available for viewing for one year. In addition, there is a search feature where you can enter key words on any topic to view that item.

The first CRA Meeting to be webcasted will be April 20th.

The new on-line service is powered by Granicus, Inc., the provider of government webcasting and public meeting management solutions to over 500 government agencies.
